**LIST OF AVA ACCREDITED PEST CONTROL AGENCIES (10-04)- UPDATES**

I am pleased to inform you that the following pest control agencies are accredited to carry out phytosanitary treatment on behalf of Agri-Food & Veterinary Authority of Singapore (AVA). This includes the application of Methyl Bromide Fumigation/ Heat Treatment and IPPC Marks, defined under International Standards for Phytosanitary Measures (i.e. ISPM 15), for solid wood packaging materials. The accredited pest control agency would also issue Fumigation Certificate or Heat Treatment Certificate, as applicable, to certify that the solid wood packaging materials were treated in accordance to the standard as listed under ISPM 15. This facilitates the verification of the treatment by the overseas import authority (i.e. NPPO).

2. The list of AVA accredited pest control agencies will be regularly updated on the AVA website <http://www.ava.gov.sg/javascript/module3/web-prb-2003.htm>. Select Other News and Notifications and click "List of AVA accredited pest control agencies".
