

Our Ref: AV (HS) 2402

12 March 2007

All Licensed Importers of Fresh Fruits and Vegetables

Dear Sir/Madam,

### **TOMATO FROM MALAYSIA**

A review on the inspection results of the vegetables inspected under Enhanced Enforcement Programme (EEP) showed that the vegetable mentioned above had performed satisfactorily in 2006. I am pleased to inform you that with effect from **1 April 2007**, **Tomato from Malaysia** will be lifted from the EEP to the Monitoring Surveillance Programme (MSP), whereby the consignments will be released for sale or distribution immediately after the inspection.

2. You are advised to monitor your imports and obtain your supplies from reliable sources. If this vegetable does not maintain a good performance and the pesticide residue violation rates increase under MSP, AVA will have to revert it to the hold-and-test inspection again.

Yours sincerely,

Mrs Yong-Ho Siew Yee  
Head, Plant Regulatory Branch  
for Director-General  
Agri-Food & Veterinary Services
