

## Recall of iceberg lettuce

The Agri-Food & Veterinary Authority of Singapore (AVA) has detected high levels of *Fipronil*, a wide-spectrum pesticide, in iceberg lettuce from a Malaysian farm. The implicated product is imported by Go Fresh Impex Pte Ltd for sale at NTUC Fairprice and Sheng Siong supermarkets. AVA has directed the importer to recall the implicated product.

2 The recall is ongoing. Details of the implicated product are as follows:

### Product for sale at NTUC Fairprice

**Brand name:** Pasar

**Supplier code (As marked out in the picture):** 40

**Weight:** 400g

**Country of origin:** Malaysia

# FOOD ALERT

**Product for sale at Sheng Siong**

**Product name:** Iceberg lettuce

**Weight:** 400g

**Country of origin:** Malaysia

3 Consumers who have purchased the affected products may contact the respective supermarket retail outlets for enquiries.

Consumer advisory

4 As a good food safety practice, consumers should wash and soak vegetables to remove any pesticide residues, prior to cooking and consumption.
